

The West Michigan Sports Commission will be hosting our 13th Annual Luncheon on **May 21, 2019**. As a non-profit, this fundraiser serves to help us bring quality sporting events to the West Michigan area. The economic and social benefits of these events are enjoyed by the Greater Grand Rapids area as well as all the residents and businesses in the region. Please join us to hear the impact sports-tourism is having on our community and enjoy the reflections of sport on the life of our guest-speaker.

We are currently looking for sponsors for the upcoming luncheon and are offering special sponsorship packages for those interested organizations.
